SIDE PROJECTS

Dolgin, J., Whitehead, P.S., Vieth, A.Z. (In Preparation). NCAA women's basketball reveals men as more verbally aggressive.

Foray into 50,000 basketball games with web-scraping—finishing a project idea I had to propose for Dr. Vieth's class as an undergraduate—to complete the first observational study in adults to date on differences in verbal aggression between genders.

Butchireddygar, L., **Dolgin, J.** (2018). [Is Greek life at Duke as homogeneous as you think?](#) Duke Chronicle.

My coauthor and I collected over 30 variables on all 1,700 students in Duke's class of 2018 to analyze trends in the demographics of members of Greek life, and we posted all our publicly-collected data to a repository and I analyzed it in an interactive [Shiny app](#).

Dolgin, J. (2017). [This Week in Duke Sports History](#). Duke Chronicle.

My work documenting a zany fact in Duke sports history for an entire year was a finalist in Duke's annual award for a journalism project or article across all of Duke's undergraduates, including journalism certificate students and the rest of the school.
